

I left a silk handkerchief given me by Melly -
at the Sender - I suppose they have got it?

Dr. and Dolphin - Blue nosed Dolphin -
this entirely from fault, or Clive or
Louise or Anglican. They said
you were coming Saturday last,
Monday this, Tuesday today,
and now you say Thursday.

So I thought I should miss you
if I wrote or sent Orlando.
But of course I want for you
Opinion - the only one that has a
grain of sense in it - you can
think what a foolish paradox I
live in at the moment. But
let us meet on Thursday in fact
name - here or at 37 - I have

I thank goodness your beauty is ruined,
for my mischievous feeling may then be
cooled - yet it has survived a century of
indifference.

Angelica - She came to tea - cold
almost gone - seemed in the
highest spirits - fascinating - lovely -
we had a most amusing tea -
but the adorer Leonard - This
annoys me.

Lord! London is lovely, but
the hubbub intolerable. What time you
may say, I'm taking a little near

Brantôme - Can't endure even
Paris - We went to Rodmole for
2 hours - in some Hayward &
a prostitute. Now I'm off to

Sibyl to meet Noel Coward, with
whom I am slightly in love. Why?

But with you I am deeply
passionately, unequivocally in
love - B.

Dearest Dolphin,

Leonard & I were going to
give you a mole skin coat for
Christmas. But it seems
illy to wait. So I'm
sending you a small cheque,
with the request that you
will go at once &
get it. & so save further
cold. Stagg & Russell is the
shop in Leicester Sq. where I
got mine, with the delight of
my life.

So dear Dolphin go at
once.

P.W.

We were so charmed by George &
Florence that we couldn't come in,
but hope to see you soon &
give you details.

It strikes me with horror in the night that
Angelica is the last child in the family.
For God sake, consider how she can be
treated.

You are a bad beast - to hang
my ears so magnificently
Really they take my
breath away & confer on
me the lustre of a
doomed Empress. I shall
be shot & my body
thrown into the Volga
(river in Russia) if I
wear them. A good
night, you will say.
But it was an
astounding inspiration,

as I had only my red rings & the really
 coveted a pair of white ones. Being
 your choice, too, as Mary would say,
 makes them quite perfect. But
 if you shower her rings, how will
 you educate Angelica? But
 wicked blue-nosed Dolphin -
 if you want to change your gloves in
 those by the way, Lafayette
 will do it.

I was enraptured by the account of
 the end which is in its way masterly.
 The accounts in the dining room,
 the Keys - the laboratory: all
 my skill never produces that
 effect. We had a cloistered
 Christmas, in some ways: no ports; &

the mercy of no proper keeping up: but we
saw a good many odd & ends -
Kobeliavsky, Roger ~~James~~ Sumbs,
Gerald - Roger is the only civilized
man I have ever met. - I endeavored
to thank him the plume in our
Cap; the veneration, an evergreen -
all the rest of it. If Bloomington
had produced only Roger, it would be
on a par with Athens at its prime
(though though this will convey to you)
we dined with him, & came away
fed to the lips, but impressed almost
to tears by his charm.

I gather that Piffa & Sumbs
don't hit it off. She said
rather sourly that she didn't
propose to live with Piffa. They
will have about £200 each - but

Idaresay you've heard all this from Lytton.

We came here this evening &
I am at present in the yallid state of the
nearly veiled man. Nine young friends in
relations counts a straw. A large fore:
books: peace: nobody to talk to —
But Kennedy arrives at 9.30
tomorrow, & stays the night, so
there we shall be again tongue wagging.
John I am vastly yallid about the
building: & with you here my chain
& things begin when home back?
I forward a letter from Wotter, what:
I hope means that she has plunged.

I saw Oholene & John Daper —
deeper into those sea green waters,
John indeed the ancient carp,
Philip to wit, turned up at
Taverlock. Late at ~~the~~ night
with a jade paper knife. (which)
promptly broke.

1/ Would you tell Grace not to bother
~~about~~ her friend ^{about} the dress as
 I see I shant have time to get stuff on
 anything, so I shall risk going
 to the party undressed.

2/ I only sent one carrying. I will
 send round the other.
 to Bell. Decorator.

3. Have you got one of those tile
 tables? If so what price?

4/ or could you make one?
 Could you make me 2
 bouquets of artificial flowers

for my green glass vases
 against the window: & please quote
~~the~~ best terms.

5. Could you estimate for painted
 dinner table.

6. Would you tell me what I
owe for clockery?
